

Product Data Sheet

Mobil SHC Formula V Fully Synthetic Long Drain Passenger Car Lubricant

Product Description and Application

Mobil SHC Formula V is a high performance, fully synthetic petrol and light duty diesel engine lubricant. It is designed to meet the demanding requirements of extended service life whilst still contributing towards fuel economy and superior engine cleanliness.

Mobil SHC Formula V has been designed to meet the needs of the latest engine requirements of VW Audi group where extended drain is required in conjunction with electronic service indicators with VW extended drain service schedule:

Petrol Passenger car	- 30,000 kms
Diesel Passenger car	- 50,000 kms
Light Commercial	- 30,000 kms

Benefits

Mobil SHC Formula V offers the following benefits:

- Extended service interval
- Fuel economy advantage even when compared to top tier competitive grades
- Engine internal cleanliness to maintain engine efficiency over life of vehicle
- Fast circulation and protection

Specifications

Mobil SHC Formula V meets the requirements of:

- VW and Audi service sheet 503.00 / 506.00.
- This product is recommended and used for both initial factory fill and service fill.

Health and Safety

Based on available toxicological information, it has been determined that this product poses no significant health risk when used and handled properly.

Details on handling, as well as health and safety information, can be found in the Material Safety Data Bulletin which can be obtained through Mobil Oil Company Ltd., by telephoning 01372 22 2000.

Typical physical characteristics are given in the table. These are intended as a guide to industry and are not necessarily manufacturing or marketing specifications.

Typical Characteristics

	Mobil SHC Formula V	
	Test Method	
SAE Grade	-	0W-30
Viscosity, cSt at 40°C	ASTM D445	54.4
Viscosity, cSt at 100°C	ASTM D445	9.98
Viscosity Index	ASTM D2270	173
Flash Point COC, °C	ASTM D92	214
Pour Point, °C	ASTM D97	<-57
